MARYLAND GAZETTE,

Containing the lateſt Advices foreign and domeſtic.

THURSDAY, *September* 3, 1761.

PRAGUE, June 3.

IT is this Day reported, that M. Daun, after ſtationing a Body of Troops in the Territory of Plauen, near Dreſden, and putting a ſtrong Garriſon into that Capital, has ſuddenly marched, with the reſt of his Forces, towards Sileſia. It is certain that General Haddick hath taken the Command of the Troops from Dippoldſwalde to Dreſden; and that General Laſcy hath taken Poſt on the Right of the Elbe, to preſerve the Communication with Zittau. If M. Daun be really marched, and if it is really true, that the Diviſion of the Ruſſian Forces, which General Fermer commands, is advancing by Poſen to Sileſia, there will be bloody Work. General Goltze wanted to be beforehand with the Ruſſians at Poſen, but not ſucceeding, he hath taken Poſt in the Confines of Poland, to diſpute their entering Sileſia. As ſoon as Prince Henry of Pruſſia was informed of M. Daun's Departure, he aſſembled his whole Force in the Neighbourhood of Meiſſen.

Dreſden, June 5. Marſhal Daun is gone to conſult with General Laudohn about the Meaſures that may be moſt proper to be taken under the preſent Circumſtances of Affairs. General Haddick commands the Imperial Troops in his Abſence, Part of which are already encamped, but the reſt, eſpecially the Cavalry, are cantoned in the Towns and Villages in our Neighbourhood. The Generals Sincere and O'Donnell, who were lately detached towards Sileſia, are ſtill at Zittau with their reſpective Corps, and are to ſtay there 'till further Orders; by which Situation they can either quickly return this Way, if there ſhould be Occaſion, or go and reinforce General Laudohn's Army, in caſe the King of Pruſſia ſhould ſhew any Deſign to attack it.

Frankfort on the Oder, June 7. General Goltze is ſtill at Zullichau, and expects Reinforcements. The main Body of the Ruſſian Army ſeems to direct its march that Way, whilſt a Column, led by Count Czernicheff, will advance towards Breſlau, and another Diviſion, leſs conſiderable, is to march into Pomerania, and reinforce the Corps under the Command of General Tottleben. We do not yet know what Diſtance theſe different Corps may be from us; but it has been judged expedient to put in a Place of Safety all the Boats that were on both Sides of the Oder; and in the Night we have brought to this Side of the River all the flying Bridges that might be of Uſe to the Enemy.

Brandenbourg, June 10. The King hath marched a Part of his Army towards Frankenſtein, to be nearer the County of Glatz.

Munſter, June 9. The Troops under the Command of the Hereditary Prince have been encamped ſince the 1ſt Inſtant at Schapdetten: A Detachment of four Squadrons, and ſix Battalions of Heſſian Grenadiers, form a ſmall ſeparate Camp at Appelhulſen. The light Troops are poſted at Coesfeld, Dulmen, and Geſcher. The Hereditary Prince's Head-Quarters are ſtill at Nottelen; but the Field Officers are at Schapdetten.

Hanover, June 12. We have Advice from Eimbeck, that on the 3d Inſtant the Viſcount de Belſunce came out again from Gottingen, at the Head of a large Detachment, and marched towards Uſlar, with a Deſign to ſeize upon that Place; but on his receiving Intelligence, that General Luckner was coming to meet him, with Part of the Troops under his Command, and had already advanced as far as Mohringen, he immediately dropt his Deſign, and turned back to Gottingen.

Weſel, June 13. The Prince de Soubiſe was here on the 10th. That Day, all the Cavalry, which were formerly cantoned on the other Side of the Rhine, came and occupied a Camp under our Walls, out of which the Foot had marched to take Poſt a League farther off.

On the 11th the Column that had been at Duſſeldorp took its Rout towards the Country of La Marck.

This Day (the 13th) all the Houſhold Troops, the fineſt Eye ever beheld, all the Cavalry, and all the Infantry that were before the Town, began their March early in the Morning. The Diviſion which was encamped at Rees, under the Marquis de Voyer, joined this Column, and made its Van.

M. de Chevert heads the Column that came from Duſſeldorp. That which hath juſt now left us is commanded by the Marſhal Prince de Soubiſe in Perſon.

P. S. It is juſt now reported, that the Hereditary Prince is advancing, with a numerous Force, againſt the Column left by M. de Chevert.

Hague, June 16. According to all the Advices received from Weſtphalia, they expected every Moment to hear of a bloody Battle between the Allied Troops commanded by the Hereditary Prince of Brunſwick, and the French under Marſhal de Soubiſe.

Paris, June 8. We do not hear that M. Stanley, the Miniſter from England, has yet had any Conference with our Miniſtry upon the Buſineſs which he came about. Perhaps he waits to know what M. de Buſſy has done at London, in order to regulate his Conduct thereupon. We are perſuaded that the Engliſh will come to no Determination till the Fate of Belleiſle be decided, and that their View in making this new Conqueſt, is to enable them to ſecure their old ones, particularly thoſe in Canada; an Object which may probably prove the Stumbling-Block of our Negociations.

Vienna, June 3. The advanced Guards of the Army of the Empire range even to the Gates of Leipſick, from whence the Pruſſians are removing their Sick and their Magazines. The Imperial Troops of Ruſſia are arrived in three Diviſions at Poſen.

Schweidnitz, June 4. Yeſterday the King of Pruſſia received an Account that a large Body of Ruſſians was advancing towards this Country, and that the reſt of that Army was in Motion; but this gives us no Uneaſineſs, as we have a large Chain of Troops formed to ſtop their Progreſs.

Gottingen, June 3. The French have juſt given us to underſtand, that they ſhall call upon us monthly for a pretty large Sum in Specie, and which muſt be punctually delivered, under expreſs Pain of military Execution.

Paderborn, June 10. All our Accounts agree, that the Enemies are in Motion on all Sides, ſo that the Campaign will open in a few Days. The French are determined, if poſſible, to get Poſſeſſion of Hanover; but they will find, notwithſtanding their Superiority, a vaſt deal of bloody Work to go through before they carry their Point; as all our Men are in high Spirits, and we are every where in Readineſs to receive them.

LONDON, *June* 20.

His Majeſty's Ship Argo, Richard King, Eſq; Commander, took on the 11th Inſtant, in the North Sea, and has brought her to the Nore, the Marſhal Duc de Biron Privateer Snow, of 15 Six-pounders, pierced for 20 Carriage Guns, and 12 Swivels, and 109 Men. She ſailed from St. Maloes the 17th of April laſt, had taken 10 Veſſels, and had ſeven Ranſomers on board for 4605 l. This is the ſame Ship that engaged ſome Time ago the Duke of Tuſcany, Capt. Malone, 7 Glaſſes, off Cape Clear, on the Coaſt of Ireland.

The Ranſomers for the following Ships were on board the Marſhal Duc de Biron Privateer, viz. the Alexander, Crawford, from Virginia to Glaſgow; the Boyle, Carley, from Youghall to Newfoundland; the Polly, Gammel, from Virginia to Glaſgow; the Friendſhip, Cregg, from Newry to Irwin; the Kennington, Simpſon, from Harwich to Norway; and the Neptune, Hubert, from Lynn to Elſineur.

We hear from Malaga, that the Thunderer Man of War, Captain Proby, had put in there, who, a few Days before, had chaſed the Roſan, a French Man of War of 64 Guns, into Carberona; and that the Dunkirk Man of War had chaſed another French Man of War, the St. Vincent, of 64 Guns; that they both eſcaped by being near in Shore before they were diſcovered.

Capt. Riddle, in the Lion, arrived at Genoa, fell in with three French Men of War off Liſbon, who came near enough to fire at him; but he had the good Luck to get clear of them, and three Days afterwards, off Cadiz, fell in with three others, who endeavoured to cut him off from the Streights Mouth, and chaſed him within two Miles of Cadiz; but having a ſtrong Gale, and the Wind fair, he puſhed for the Streights, and got through that Night. Two Days after he was chaſed by a large Ship, which proved to be the Arnaux; ſhe bore down, till near enough to diſcover each other's Force, and then wore and run for it. The next Day he fell in with and took a Veſſel, bound from Marſeilles to --------, which he has carried into Genoa. The Gramont Man of War, as being in Sight, claims a Share. The Lion had 14 Days Paſſage from Plymouth, and 18 from the Downs.

Extract of a Letter from Captain Barnard, of the Ship Speedwell, dated Dover, June 16.

"On the 26th of April I left Virginia, and on May the 13th had the Misfortune to fall in with a large Privateer belonging to St. Maloes, of 24 Guns, and 240 Men, who took me about Half paſt Nine at Night, and kept me until eight o'Clock the next Morning, then ranſomed me for 3000 l. Sterling. I fear a great many of the Ships from Virginia will ſhare the ſame Fate, for there are ſeveral Privateers cruizing off the Banks of Newfoundland."

Four Ships of the Line, with ſome Tranſports, are ordered to be got ready to ſail for the Mediterranean; and it is ſaid the new Governor of Gibraltar will embark on board the Commodore's Ship.

A Number of Workmen, with all Things Neceſſary, are ordered to ſail for Belleiſle, to repair the Fortifications; and they are to be allowed extra pay.

The Hill-houſe at Chatham is getting ready to receive General Kingſley, who is to command the Forces that are to encamp at Brumpton.

According to private Letters from Stockholm, we may expect ſomething very extraordinary at the cloſe of the Diet, as the Swediſh Nation in general ſeem to be convinced that a ſteady Attention to their own Intereſts, and the Cultivation of the Arts of Peace, are the only probable Methods of recovering the Figure they formerly made among the Powers of Europe, and as their Application to theſe will not either require the Aſſiſtance, or excite the Jealouſy of their Neighbours.

They continue to work every Day in the Yard at Woolwich, Sundays not excepted.

Yeſterday there was a very hot Preſs below Bridge, when many Sailors were taken and put on board the Tender at the Tower.

Two or three Regiments of Foot are ſoon to embark to relieve the Garriſon of Guadaloupe.

It is ſaid the Number of Troops, which are to be left on the Iſland of Belleiſle, are to be 5000 Men, with a ſtrong Squadron of Men of War, to prevent any Attempts that the French may make for the Recovery of the ſaid Iſland.

His Majeſty's Ship Intrepid, juſt returned from a Cruiſe to Plymouth, ſpoke with a Dutch Eaſt-India Ship under Jury Maſts (Half of whoſe Cargo had been thrown overboard to ſave the Remainder, which is greatly damaged) about 70 Leagues from the Land's End, that had left the Cape near three Months, where Advice was received of Pondicherry being taken.

Extract of a Letter from Spain.

"The Bayonners have lately made ſeveral Prizes, moſtly outward bound Newfoundlanders.—The Providence of London, bound to New-York, is ſent into Rivades in Galicia, by the Ruby Privateer of Bayonne; the Harlequin of Bourdeaux has taken the Roſe, Tardif, Tranſport, from Belleiſle to Guernſey, and a Veſſel from Philadelphia with Lumber."

Ranſomers are carried into Dunkirk by the Wolf Privateer, Capt. Duhamel, for the following Veſſels, viz. the Elizabeth and Chriſtian, Anderſon, from London to Arch-Angel, for 380 Guineas; the St. Stephen, Greyſon, from London to Arch-Angel, for 500 Guineas; the George and Mary, Hubbard, from Hamburgh to Lynn, for 200 Guineas; the Jane Sloop, Wood, of and from Aberdeen to London, for 140 Guineas; and the True Friendſhip, Foſter, of Stockton, for 120 Guineas.

They write from Malta, that they had received Advice from the French Conſul at Conſtantinople, that the Fleet fitting out there will conſiſt of 18 Capital Ships of War, 20 Frigates, Xebecs, Cruiſers, &c. and is to be commanded in Chief by Heſſen Dey, and the famous Pacha of Rhodes is to command under him; and that this Fleet will certainly put to Sea immediately after the Turks grand Feaſt of Ramadan is over.

June 11. A Letter from a Gentleman at Rome to his Friend in London, dated April 23, ſays, "The two extraordinary Perſons who lately made their Appearance at Cologn having given ſufficient Teſtimony to the French Envoy and Magiſtracy of that Town, were permitted by them to take their own Method of travelling to the Capital of the Roman Catholic Religion, in order to be farther examined concerning their Miſſion, &c. where they arrived ſooner than the Account of their Departure could be received, although the Meſſenger diſpatched for the Purpoſe travelled Poſt. When they were ſent for to appear, by Order of the Pope, before Cardinal Carmelingue, they gave ſuch an Account of their Journey as aſtoniſhed every one: They are now going into a very ſerious and curious Enquiry, that not only engages the Attention of the Clergy, but of the Laity alſo: By what has already tranſpired, and by Hints which have been dropt, all Degrees of People are grown very impatient about them. They are acknowledged to be ſomething aſtoniſhing, and are reverenced even by the Vulgar: By the Simplicity of their Manners, the Purity of their Opinions, and their Deſire of doing Good, they gain greatly upon the Good-Will of the Religious. The Pope, on their firſt Arrival, offered them a Guard, which they rejected, ſaying they had that within them that would protect them from all Injury: There was alſo an Houſe provided and a Table appointed for them, both which they modeſtly refuſed. How they ſubſiſt, or what their Reſources are, is a Myſtery to every one. They appear in public every Day, but ſeem no ways ſtruck with the Grandeur of the public Edifices, which they ſay fall very ſhort of the Magnificence of the Antients. They ſpeak every Language, the Dead as well as the Living; their Greek is very different from any Thing now ſpoken, and is ſuppoſed to be the ſame as in the Time of Homer; at leaſt this is the Opinion of the learned Father the Jeſuit Saluzzi, who has frequent Converſations with them, and delights much in their Company. They are perfect Maſters of the Hiſtory of all the Nations, and what they relate agrees ſo well with the Facts we know, that there is no room to doubt of their Veracity. They are Maſters of all the Sciences in an eminent Degree. They ſay they are not to ſee the fulfilling of their Prophecies, but are to be put to Death by the unbelieving Inhabitants of a great City: What they are or whence they came, is impoſſible for to determine. Multitudes are flocking hither from all Parts, and are far from thinking them Impoſtors; I have ſeen them, and notwithſtanding their great Age, they are to outward Appearance, in full Poſſeſſion of the Strength and Vigour of Twenty-five."

BOSTON, *Auguſt* 17.

Saturday laſt Captain Cole arrived at Marblehead in 32 Days from Corunna, in Spain, by whom we learn, That the King George Privateer of 32 Guns, belonging to Briſtol, had taken and carried into Caminha, on the Coaſt of Portugal, a large French outward bound Eaſt Indiaman, valued at 60,000 *l.* Sterling. The Engagement laſted 6 Hours, in which Time the French had 60 Men killed and wounded, and the Engliſh 10 killed, and 20 wounded; She was taken about 20 Leagues to the Weſtward of Cape Finiſterre, and they had but juſt Time to take the Priſoners on board the Privateer, when her Maſts fell over her Sides; and both Privateer and Prize went in under Jury Maſts.

The ſame Day arrived here Capt. Doubleday, in 6 Days from Halifax, by whom we learn, that his Majeſty's Ship the Dublin, of 74 Guns, Edward Gaſcoigne, was arrived there from the Weſt-Indies. She is to tarry there till cleaned, and will then take the Trade for the Weſt-Indies under Convoy.

Captain Fulgham arrived at Plymouth laſt Week from Cadiz: On his Paſſage thither about 3 Weeks ago he was

taken by a Letter of Marque French Brig on the Banks of Newfoundland, but ranſomed his Veſſel. Two Days after, he likewiſe met on the Banks a French 60 Gun Ship, and a 36 Gun Frigate, who brought him to.

Capt. Price arrived here laſt Night from Maryland, who informs, that nine Days ago he ſpoke with Capt. Hallowell off the Capes of Virginia, all well on board.

NEW-YORK, *Auguſt* 24.

Tueſday laſt the Earl of Halifax Packet Boat, Captain Boulderſon, left this Port with the Mail for Falmouth.

Between three and four o'Clock laſt Friday Morning, a Fire broke out in the Houſe of Mr. Chriſtopher Smith, in French Church Street, in this City, which intirely conſumed the ſame, and the Houſes of Mr. Fewter, and Dr. Van Dyke, adjoining thereto, the Fire having got to a very great Head before it was diſcovered, notwithſtanding the City Watch was not 200 Yards diſtant from the Place where it began.

The Loſs of Mr. Smith is vaſtly great, for beſides near 100 Pieces of Sail Duck, little or nothing of his Houſhold Furniture, Plate, or the Wearing Apparel of his Family, is ſaved.

Mr. Fewter has loſt conſiderably, and tho' good Part of his Furniture was ſaved, we hear ſeveral Pieces of Plate are miſſing, ſuppoſed to have been carried off by ſome ſuch Villains as were detected in carrying off a Bag of Dollars out of the Ruins of Mr. Smith's Houſe the ſame Morning.

Doctor Van Dyke's Loſs is moſtly that of his Houſe, and being obliged to pack up and carry off his Goods in great Confuſion.

And on Friday between Twelve and One, another Fire broke out in the Houſe of Mr. Peter Low, Baker, in Broad-Street, which was ſoon extinguiſhed, and was ſuppoſed to have had its Riſe from ſome Sparks of the Fire that happened in the Morning, as the Wind was that Way.

Extract of a Letter from Oſwego, dated July 21.

"On Friday laſt Sir William Johnſon arrived here in good Health, and this Day, about four in the Afternoon, he embarked on board the Anſon Schooner, for Niagara; as did alſo Colonel Eyre, Chief Engineer. Sir William I am informed, is taking a Tour quite round from Niagara to Fort Detroit, and round by Pittſburgh, we ſuppoſe, to quiet the Indians, who ſeem uneaſy, by the Perſuaſion of the French, that they, the Indians, will all be either enſlaved or cut off, if they ſuffer us to go on and make ſuch large Conqueſts in their Country.——The greateſt Part of Gage's Light Infantry, which arrived here laſt Week, with Major Gladwin, embarked this Morning by Sun-riſe on board Battoes for Niagara; the Major went on board the Anſon. A Party of Men are to follow Sir William to Detroit. Beſides the Anſon, we have another Schooner and a Sloop belonging to this Garriſon."

Part of a Letter from Antigua.

"——This Quarter of the World affords us few Tranſactions, although for ſome Months we have had great Expectations of its being the Scene of buſy Action; but ſuch Thoughts are now vaniſhed, for this Seaſon at leaſt, and the Enemy will probably keep Poſſeſſion of their Iſlands another Year. One of our Ships of War has been to viſit the different Iſlands, while the reſt of the Squadron have little to do.—We wiſh the Armament was employed on ſome Attack, equal to its Importance, and the Expence of ſupporting it here. The French have had two Line of Battle Ships in theſe Seas, but have had the good Luck to eſcape us all. They continued a great Time at Granada, and then went to St. Domingo. The Temple of 70 Guns, and Arundel of 20, chaſed them; but the Enemy was not in a Humour to be ſpoke with, which might be lucky for our Ships, as they were of ſo inferior a Force. Monſieur La Touche, Governor of Martinico, has lately received 1200 Troops.

PHILADELPHIA, *Auguſt* 27.

Yeſterday arrived here the Ship Culloden, Capt. Bachop, from Liverpool and Londonderry. On the 18th of July, in Lat. 42, Lon. 36, Capt. Bachop was taken by the La Sage, Capt. Lagat, a French 64 Gun Ship, from Port Louis for Old France, who took out all the Goods, ſhipped at Liverpool and Londonderry, to a conſiderable Value, and then ranſomed the Ship for 880 Guineas.

The La Sage alſo took Capt. Sheldon, in a Sloop from New-York for Liſbon. The Brig Sally, Capt. Welch, from this Port, for Jamaica. A Ship from Virginia, ranſomed for 650 l. A Sloop from New-Haven for St. Kitt's, ranſomed for 400 l. And a Brig from South-Carolina, ranſomed for 360 l. The above French Ship came out from Port Louis in Company with a 74 Gun Ship and two Frigates, who eſcaped while our Men of War were taking care of two or three ſmall Flag-Veſſels in the Bite. They parted Company off Cape Hatteras, and it is feared the other three may have taken many more of our Veſſels.

WILLIAMSBURG, Auguſt 21.

On Wedneſday Se'nnight Died, at his Houſe in this City, *WILLIAM HUNTER*, Eſq; one of his Majeſty's Deputy Poſtmaſters General of the Continent of *North-America*, and Printer to the General Aſſembly of this Colony; a Gentleman endowed with many amiable Qualifications, which render his Death much regretted by all who had the Pleaſure of his Acquaintance.

ANNAPOLIS, *September* 3.

On Monday laſt an Expreſs went from hence by Water, for *Hampton*, with a Petition ſign'd by Twenty-nine Maſters of Tobacco Ships, to Capt. *Norton*, of the *Aſſiſtance*, to put off his Sailing as Convoy to the 10th of *October*: The Time being ſo ſhort this Year, but few could get loaded in Time. Fairfax County *(Virginia) Auguſt* 11, 1761.

RAN away from a Plantation of the Subſcriber's, on *Dogue-Run* in *Fairfax*, on Sunday the 9th Inſtant, the following Negroes, *viz.*

Peros, 35 or 40 Years of Age, a well-ſet Fellow, of about 5 Feet 8 Inches high, yelloviſh Complexion, with a very full round Face, and full black Beard, his Speech is ſomething ſlow and broken, but not in ſo great a Degree as to render him remarkable. He had on when he went away, a dark colour'd Cloth Coat, a white Linen Waiſtcoat, white Breeches and white Stockings.

Jack, 30 Years (or thereabouts) old, a ſlim, black, well made Fellow, of near 6 Feet high, a ſmall Face, with Cuts down each Cheek, being his Country Marks, his Feet are large (or long) for he requires a great Shoe: The Cloathing he went off in cannot be well aſcertained, but it is thought in his common working Dreſs, ſuch as Cotton Waiſtcoat (of which he had a new One) and Breeches, and Oſnabrig Shirt.

Neptune, aged 25 or 30, well-ſet, and of about 5 Feet 8 or 9 Inches high, thin jaw'd, his Teeth ſtragling and fil'd ſharp, his Back, if rightly remember'd, has many ſmall Marks or Dots running from both Shoulders down to his Waiſtband, and his Head was cloſe ſhaved: Had on a Cotton Waiſtcoat, black or dark colour'd Breeches, and an Oſnabrig Shirt. X 3

Cupid, 23 or 25 Years old, a black well made Fellow, 5 Feet 8 or 9 Inches high, round and full faced, with broad Teeth before, the Skin of his Face is coarſe, and inclined to be pimpley, he has no other diſtinguiſhable Mark that can be recollected; he carried with him his common working Cloaths, and an old Oſnabrigs Coat made Frockwiſe.

The two laſt of theſe Negroes were bought from an *African* Ship in *Auguſt* 1759, and talk very broken and unintelligible *Engliſh*; the ſecond one, *Jack*, is Countryman to thoſe, and ſpeaks pretty good *Engliſh*, having been ſeveral Years in the Country. The other, *Peros*, ſpeaks much better than either, indeed has little of his Country Dialect left, and is eſteemed a ſenſible judicious Negro.

As they went off without the leaſt Suſpicion, Provocation, or Difference with any Body, or the leaſt angry Word or Abuſe from their Overſeers, 'tis ſuppoſed they will hardly lurk about in the Neighbourhood, but ſteer ſome direct Courſe (which cannot even be gueſſed at) in Hopes of an Eſcape: Or, perhaps, as the Negro *Peros* has lived many Years about *Williamſburg*, and *King-William* County, and *Jack* in *Middleſex*, they may poſſibly bend their Courſe to one of thoſe Places.

Whoever apprehends the ſaid Negroes, ſo that the Subſcriber may readily get them, ſhall have, if taken up in this County, Forty Shillings Reward, beſide what the Law allows; and if at any greater Diſtance, or out of the Colony, a proportionable Recompence paid them, by

GEORGE WASHINGTON.

N. B. If they ſhould be taken ſeparately, the Reward will be proportioned.

Auguſt 10, 1761.

RAN away laſt Night, from the Subſcriber in *Baltimore-Town*, a Convict Servant Man named *John Nelſon*, by Trade a Gardener and Brick-maker, aged about 30 Years, of a brown Complexion, and is a ſtraight-bodied Man: Had on when he went away, a Cloth Coat of a browniſh Colour, a black figur'd Velvet Jacket, a Pair of Claret colour'd Cloth Breeches with Silver Buttons, an Oſnabrig Shirt, a Pair of bluiſh Worſted Stockings, new Shoes, a dark Grey Wig, a Felt Hat about Half worn, and a dark colour'd Great Coat. He came into the Country this Summer, and it's likely he has got a forged Paſs. 2

As a large Grey Stallion is miſſing, branded on the near Buttock T R, it is ſuppoſed he is ſtole and rode away by the ſaid *Nelſon*.

Whoever takes up and brings home the ſaid Runaway, ſhall have Ten Shillings if taken within 10 Miles from home, Twenty Shillings if taken within 20 Miles, and Forty Shillings if taken at a greater Diſtance from home, beſide what the Law allows, paid by BENJAMIN ROGERS.

Auguſt 13, 1761.

WHEREAS the Subſcriber's Store at *Indian-Landing*, was broke open in the Night between the 10th and 11th Inſtant, and ſeveral Things taken out. Whoever apprehends the Thief, ſhall, on his being convicted of the above Robbery, receive of me a Reward of TEN PISTOLES, and if any of the Perſons concerned in the ſaid Robbery, will turn Evidence, ſo as to convict their Accomplices, they ſhall be intitled to the ſame Reward. RALPH FORSTER. X 4

Baltimore, July 1761.

RELIGION, the crowning Excellence of intelligent Nature, claims the Approbation and cloſe Attention of every reaſonable Being, who expects future Bliſs. We are bound from Principles of Gratitude and Intereſt to promote the Honour and Worſhip of the ſupreme Mind, as neceſſary to our own Proſperity, the Good of Society, and future Happineſs of Man. Animated by theſe intereſting Motives, we, of the Preſbyterian Perſuaſion in this Town, deſire, not from Party Views, but from real Principle, to purchaſe a Lot of Ground to erect a decent Church for Divine Service, in which we may worſhip GOD according to our Conſciences. Upon Enquiry we find ourſelves as yet inſufficient to raiſe ſuch a Sum as is neceſſary to accompliſh ſuch an important Deſign, beg Leave therefore to ſollicit the Generoſity of our Fellow-Chriſtians to aſſiſt and encourage us in compleating a ſmall Lottery, at a Time when the Benevolence of our Countrymen is ſo well tried in this Way. We hope our Claim to the public Attention is equal to any that has ſollicited their Notice, and humbly expect that we ſhall meet with general Encouragement.
